

RESUME

December 2021

1. PERSONAL DETAILS

Full name: Or Aleksandrowicz
E-mail: oraleks@technion.ac.il
ORCID: 0000-0002-6777-5228

2. ACADEMIC DEGREES

- 2012-2015 Dr.techn. (magna cum laude) in **Engineering Sciences Architecture**, supervisor: Prof. Ardeshir Mahdavi, Faculty of Architecture and Planning, Vienna University of Technology
- 2009-2012 M.Sc. (magna cum laude) in **Building Science and Technology**, Faculty of Architecture and Planning, Vienna University of Technology
- 1996-2002 B.Arch. (magna cum laude) in **Architecture**, the David Azrieli School of Architecture, Tel Aviv University

3. ACADEMIC APPOINTMENTS

- 2019- Assistant Professor (tenure-track) at the Faculty of Architecture and Town Planning, Technion – Israel Institute of Technology
- 2017-2019 Senior Lecturer (adjunct) at the Faculty of Architecture and Town Planning, Technion – Israel Institute of Technology
- 2015-2017 Post-doctoral fellow at the Faculty of Architecture and Town Planning, Technion – Israel Institute of Technology
- 2012-2014 Project assistant in EU project 3CE292P3 (Development and Application of Mitigation and Adaptation Strategies and Measures for Counteracting the Global Urban Heat Islands Phenomenon), Department of Building Physics and Building Ecology, Faculty of Architecture and Planning, Vienna University of Technology
- 2005-2006 Assistant lecturer at the Architecture Department, Bezalel Academy of Arts, Jerusalem

4. PROFESSIONAL EXPERIENCE (outside academia)

- 2018-2020 Project consultant to Tel Aviv-Yafo Municipality on the development of a strategic plan for the C40 Cool Cities initiative
- 2006- Chief editor of Architectures series at Babel Publishers, Tel Aviv (see section 17 below)
- 2008-2009 Senior architect at Dunsky Architects, Ramat Gan (architect in charge of six projects, including three private houses and three office interiors)
- 2000-2007 Senior architect at JP Friedman & Associates, Tel Aviv (architect in charge of 13 projects, including a conference center, three private houses, and interior architecture of several houses, apartments, and offices)

5. RESEARCH INTERESTS (briefly)

- Urban microclimate: the climatic aspects of urban planning and design, including their effect on outdoor thermal comfort of individuals and energy consumption in buildings
- Bioclimatic building design: the effects of indoor climate on thermal, visual, and energy building performance and occupants' wellbeing

- Building performance simulation: the application of computational tools in the analysis of varied aspects of building performance
- History of modern architecture and urban planning
- History of building science and technology: the historical developments and transformation of building technologies and building science, focusing on their relation to planning and design practices
- Digital humanities: the application of digital analysis tools and big data processing in the writing of urban and architectural history

6. TEACHING EXPERIENCE

- Final Year research coordinator (newly restructured course – OA) and research mentor of the sustainability studio, graduate studies, Faculty of Architecture and Town Planning, Technion
- Urban microclimate (new original course – OA), graduate studies, Faculty of Architecture and Town Planning, Technion, main teacher
- Multi-stage illumination design with computational tools (new original course – OA), graduate and undergraduate studies, Faculty of Architecture and Town Planning, Technion, main teacher
- Advanced energy modelling of buildings (new original course – OA), graduate and undergraduate studies, Faculty of Architecture and Town Planning, Technion, main teacher
- Building Analysis, undergraduate studies, Architecture Department, Bezalel Academy of Arts, assistant teacher
- 8 Cubic Meter of Spontaneous Architecture (design studio, in cooperation with Sharon Rotbard), undergraduate studies, Architecture Department, Bezalel Academy of Arts

7. TECHNION ACTIVITIES

2020- Member of the Technion's computer committee

8. DEPARTMENTAL ACTIVITIES

2021 Member of the Architecture Track locating committee for Faculty open positions

2020- Member of the board of directors of the Built Heritage Research Center, Faculty of Architecture and Town Planning

2020- Member of the David Azrieli Fellowship selection committee

2020- Member of the Architecture Track graduate admission committee

2019 Member of the Glass Balaban Scholarship selection committee

2019- **Developer of the Faculty's new internet site, including its ongoing management, coordinating and content editing**

9. PUBLIC PROFESSIONAL ACTIVITIES

2020- Member of the Public Council on the Establishment of the Tel Aviv-Yafo City Museum

2016- Member of the Tel Aviv District Activists Committee of the Council for Conservation of Heritage Sites in Israel

2014-2016 Member of the Committee for Architecture Terminology at the Academy of the Hebrew Language, Jerusalem (the committee was disassembled)

2006- **Chief editor of *Architectures* series at Babel Publishers, Tel Aviv**

10. MEMBERSHIP IN PROFESSIONAL SOCIETIES

- IAUC – International Association for Urban Climate
- AIS - Association for Israel Studies

- Registered architect in Israel, registration number 00115650

11. FELLOWSHIPS, AWARDS AND HONORS

- 2018 The David J. Azrieli Central Archives and Israeli Research Center for Architecture fellowship for a research project on shading elements in the architecture of Arie Sharon and Dov Karmi
- 2016-2018 Glass-Balaban Foundation fellowship for a research project on the history of modern building technologies in Palestine and Israel
- 2015-2017 Post-doctoral fellowship at the Faculty of Architecture and Town Planning, the Technion
- 2015-2017 Post-doctoral fellowship for returning scientists from the Center for Absorption in Science in the State of Israel's Ministry of Aliyah and Immigrant Absorption

12. GRADUATE STUDENTS

Completed MSc theses

- 2019-2021 Michelle Levenson, *Pedestrian behavior and thermal perception under varying urban microclimatic conditions*. Supervisors: David Pearlmutter (main supervisor), **Or Aleksandrowicz** (co-supervisor)

PhD theses in progress

- 2020-2024 Elad Horn, *Neoliberal architectural change in Tel Aviv-Yafo, 1977-1991: A spatial humanities approach to architectural historiography*. Supervisor: **Or Aleksandrowicz**
- 2021-2025 Samuel Giler, *The development of Jaffa and Tel Aviv ports during 1920-1939: Imperial considerations, political struggle and planning and engineering innovations*. Supervisors: Moshe Naor (main supervisor), **Or Aleksandrowicz** (co-supervisor)

MSc theses in progress

- 2020-2022 Yoav Orion, *The history of street trees in Tel Aviv, 1909-1948*. Supervisor: **Or Aleksandrowicz**
- 2021-2024 Adi Zilberstein-Alon, *Student Dorms at the Technion campus as an Architectural Experiment*. Supervisors: **Or Aleksandrowicz** (main supervisor), Alona Nitzan Shifan (co-supervisor)
- 2021-2023 Tamar Levinger, *Before it was digital: Exhibitions as a prism of digital ideas in architecture between 1968-1971*. Supervisors: Aaron Sprecher (main supervisor), **Or Aleksandrowicz** (co-supervisor)
- 2021-2023 Motti Ruimy, *An empirical examination of the effect of shade on walkability in Israeli towns*. Supervisor: **Or Aleksandrowicz**
- 2022-2024 Yosef Mor, TBD. David Pearlmutter (main supervisor), **Or Aleksandrowicz** (co-supervisor)

13. SPONSORED LONG-TERM VISITORS AND POST-DOCTORAL ASSOCIATES

14. RESEARCH GRANTS

Competitive

- 2019-2022 *Development of an integral microclimatic analysis tool for combating urban heating*, senior researcher with Prof. David Pearlmutter (PI). Supported by ISF (840,000 NIS).

Industrial and other sources

- 2021-2023 *Development of an urban-scale building electricity consumption model based on building characteristics, climatic conditions and occupant behavioural profiles*, PI1 with Prof. Avigdor Gal (PI2). Supported by the Technion's GTEP-MLIS (50,000 USD).
- 2020-2022 *Deciphering energy consumption and visual comfort in buildings through analysis of large datasets of real-world adjustable sun protections operation*, PI1 with Prof. Avigdor Gal (PI2). Supported by the Technion Data Science Initiative (20,000 NIS).

- 2019-2020 Extension of the *Quantification, analysis and evaluation of the environmental aspects in Tel Aviv's historic core* study, PI1 with Shachar Zur. Supported by Tel Aviv Municipality (40,000 NIS).
- 2017-2019 *Quantification, analysis and evaluation of the environmental aspects in Tel Aviv's historic core*, PI1, with Shachar Zur. Supported by Tel Aviv Municipality (80,000 NIS).
- 2016 *Performance Evaluation of Double Skin Facades in Hot Climates*, post-doctoral researcher, senior researcher with Prof. David Pearlmutter (PI) and Jonathan Natanian (junior researcher). Supported by Israel's Ministry of Environmental Protection (300,000 NIS, winning proposal, **contract not signed**).

15. PUBLICATIONS

Theses

- 2012 Thermal Performance Analysis of Central Hall Houses in the Israeli Coastal Plain (Master Thesis), Vienna University of Technology
- 2015 Architecture's Unwanted Child: Building Climatology in Israel, 1940-1977 (Doctoral Dissertation), Vienna University of Technology

17. Chief editor of *Architectures* book series, Babel Publishers

Since 2006, I am the chief editor of *Architectures* series at Babel Publishers, Tel Aviv, a long-standing book series in Hebrew dedicated to books on architecture and urbanism. As the series' chief editor, I am responsible for shaping the editorial line of the series (selection of translated titles, initiation, and close development of original books in Hebrew), as well as for supervising the whole production process of each book. Following is a list of books published in the series under my editorship:

- 2007 *Avraham Yasky, Concrete Architecture* [in Hebrew] by Sharon Rotbard
- 2008 *The Death and Life of Great American Cities* [Hebrew edition] by Jane Jacobs, including annotations.
- 2008 *Learning from Las Vegas* [Hebrew edition] by Robert Venturi, Denise Scott Brown and Steven Izenour, including translation and annotations.
- 2009 *City of Concept: Planning Tel Aviv* [in Hebrew] by Nathan Marom.
- 2010 *Delirious New York* [Hebrew edition] by Rem Koolhaas, including translation and annotations.
- 2012 *Cradle to Cradle* [Hebrew edition] by Michael Braungart and William McDonough, including translation and annotations.
- 2012 *Land City: Local Essays* [in Hebrew] by Esther Zandberg, including preface.
- 2013 *A Time for Conservation* [in Hebrew] by Amnon Bar Or, including complementary historical research.
- 2014 *The Architecture of the Well-Tempered Environment* [Hebrew edition] by Reyner Banham, including translation, annotations, and postscript.
- 2018 *My Father, Dov Karmi* [in Hebrew] by Ada Karmi-Melamede, scientific editing.
- 2018 *101 Things I Learned in Architecture School* [Hebrew Edition] by Matthew Frederick, including translation editing.
- 2020 *Goldreich de Shalit: Locale* edited by Zvi Elhyani.
- 2021 *Perspectives on the Work of Landscape Architect Zvi Dekel* [in Hebrew] edited by Nurit Lissovsky.
